Fun: The enjoyment of or taking pleasure in experiences, sensations, people, or things in this life.

1. God created fun

God created the world

God created the capacity to enjoy Him and His creation

God created fun with a purpose

2. Sin corrupted relationship with fun

- God's gifts don't tempt us to sin; our desires do.

- Living for fun robs us of the capacity to be satisfied in it.

- Sin exchanges glory of the Creator with the created

3. Only Christians can truly have fun
